# WHO IS BALLETEMBODY

We believe that encouraging our own dancers to embody each work through their unique artistry results in -happy- dancers with developed intuitions.

We believe this enables us to communicate our sincere intentions behind each work, cultivating a broad arts landscape in our community.

Ballet Embody demonstrates how art can embody a collaborative experience between artist, admin, and audience.

Ballet Embody cultivates a -workspace- that elevates and challenges its dancers in a way that prioritizes their mental, physical, and artistic health and development.

Ballet Embody creates classical, contemporary, and innovative ballets that inspire audiences to further explore and experience the artform.
